October Meeting

Blake McCully, me, demonstrated the turning of a small coffee scoop for this meeting. The great thing about this type of turn-

ished scoop was raffled off at the end of the program and our Treasurer, Susan, won the scoop.

ing is that it incorporates a number of different turning techniques; spindle turning, sphere turning, and bowl turning. It also includes creating an alternative method of holding your

piece, a dam, er jam chuck.

All went well with no unexpected early exits or anything disaterous. The fin-

George Walker asked if it would be possible to hold the bowl of the scoop in a vacuum chuck rather than making a jam chuck, and I responded that I didn't know. A few days after the meeting, George emailed me and reported that a vacuum chuck could be used. Great news, except, I don't have a vacuum chuck.

News for November

Mike Stadler will be demonstrating for this meeting. Mike was the first president and one of the founding members of our club, way back in October of 2003. Mike received his MFA from the art department at IUP and has done commission work since he graduated. Mike also taught Introduction to Woodturning, and Advanced Woodturning classes through continuing education here at IUP. Mike will explain what he intends to do at the time of the meeting. Welcome back Mike.

Ron Gindlesperger will bringing the tee shirts to the meeting. We had them made in two colors, green with gold logo and gold with green logo. The prices are, \$11 for small, medium, large, and extra large, \$13 for 2X, and \$14 for 3X. If you did not get a chance to submit an order, fear not, we ordered multiple shirts in all categories so we should have one that fits you.

See you all Tuesday, between 6:00 and 6:30 for coffee, gab, and to pick up your shirts.
